

## PROFILE

I'm a first-year engineering student deeply passionate about software development and machine learning. Dedicated to mastering the dynamic field, I actively translate theoretical knowledge into practical solutions.

My primary focus is on machine learning, aiming to apply it to real-world challenges. Aspiring to be an innovator in the tech industry, I seek connections with professionals who share a passion for technology and innovation. Let's collaborate and push the boundaries of what's possible in this exciting journey!
